## **21. ABOUT THE ARTICLE REVIEW**

The CONSINTER Editorial Board analyzes the scientific articles, formed only by renowned Doctors and Post-Doctors, jurists, Brazilian, and foreigners, especially invited.

The scientific papers will be evaluated by the double-blind review system, in which two CONSINTER members of the board will determine the works without any authorship identification. The assessment of scientific articles by anonymous authors guarantees the impartiality of judgment and decreases subjectivity and ideological preferences. This way, authors must avoid direct references to themselves and citations that make it possible to extract its authorship from the reading of the text.
